Warning About installation

Please do not install products on non-reinforced walls. Risks of product dropping may occur, resulting in injuries

- ※ Before completion of wall, please reinforce the wall with plywood, etc of installation screws that are 9mm length & above
- ※ For installation on light weight metal, please reinforce metal with plywood as the strength of the metal might be insufficient
- ※ Installation of product cannot be made directly on ALC material, light weight metal and hollow spaces of concrete blocks.

After installation, please check product one more time to make sure product has been firmly secured.
If product is not firmly installed, product might wobble and there might be risks of product falling, resulting in injuries.

Warning About product usage

Please do not use product for unintended purpose or application. Product failure may result in injuries.

Load heavier than the standard load capacity may result in product failure and possible risks of injuries.

Please do not subject product to load capacity and impact force larger than what is stated.
Product failure may occur, leading to risks of injuries.

Caution About product maintenance

Wipe away cosmetics and/or chemical product stains when found.

Long term stains will result in corrosion, discoloration, and/or deterioration which may lead to product breakage and result in injuries.

Wipe with soft dry cloth for maintenance. When necessary, use a damp cloth with diluted detergent and dried off with a dry cloth.
Do not use gasoline (Benzin), thinner, alcohol, acidic/alkali-based detergent and/or cleansers to clean product.
